# The importance of the Case Studies

Why is really important to invest time on creating Case Studies?

- Learning and Education
- Problem-solving Skills
- Decision Making
- Risk Management
- Best practices Identification
- Client Communication

# SIB – French Public Sector

SIB is a major, global public actor of digital services for the healthcare and public sector.

- Using Collabora Online to support secure personal and collaborative document editing.
- Initially 5 middle schools and 2,500 users rising to:
  - 33,000 pupils, 2,500 teachers in 57 middle schools.
  - 40% of editing sessions are collaborative.
  - Working together with our partner Nextcloud.

Nextcloud

# Sapeurs Pompiers de la Moselle

## Extinguishing Barriers of Diverse Workforce

- Offering Collabora Online as a collaborative document editor as the heart of the service offering for firefighters in the region.
- The key → Control of its own data and collaborative editing on documents in open formats.
- 5,000 people: 1,000 employees and 4,000 volunteers.
- Offering Training and Support for Users → functional and technical control plus Mastery of the tool by users.

# SURF – Dutch Education and Research

SURF supports 14 Dutch universities, 36 of applied sciences and 70 other institutions.

- Using COOL to enable secure documents sharing and collaboration.
- 59 institutions, 66,000 users mark
- Average growth: 850GB and 21 new users per day
- Most used app logged 2.5 million operations

**SURF**

*"Together with ownCloud and Collabora Online we have created an IT infrastructure that not only meets the high-security requirements, but can also keep up with the large enterprises in terms of performance and usability."*

- William van Santen, Product Manager, SURFdrive

# University of Lille

One of the most important French universities.

- 67,000 students (including 7,300 international students), 6,300 staff members, 66 research units.
- Using COOL to streamline collaborative efforts and support a new generation of students services.
- The University now provides over 70,000 people with Collabora Online to help them work on a common framework of online office tools.

*"In this case, Collabora Online is helping to support a huge student community. It will also increase the University's attractiveness to candidates and provide extra resources to make student life easier."*

- Pierre Boulet, VP of digital transformation, University of Lille
