Nextcloud Hub

Nextcloud Hub

Welcome to Nextcloud Hub, your self-hosted collaboration platform.

Nextcloud Hub is the open source file share and collaboration software for everyone from individuals to large enterprises and service providers. Nextcloud provides a safe, secure and compliant online work environment on servers you control.

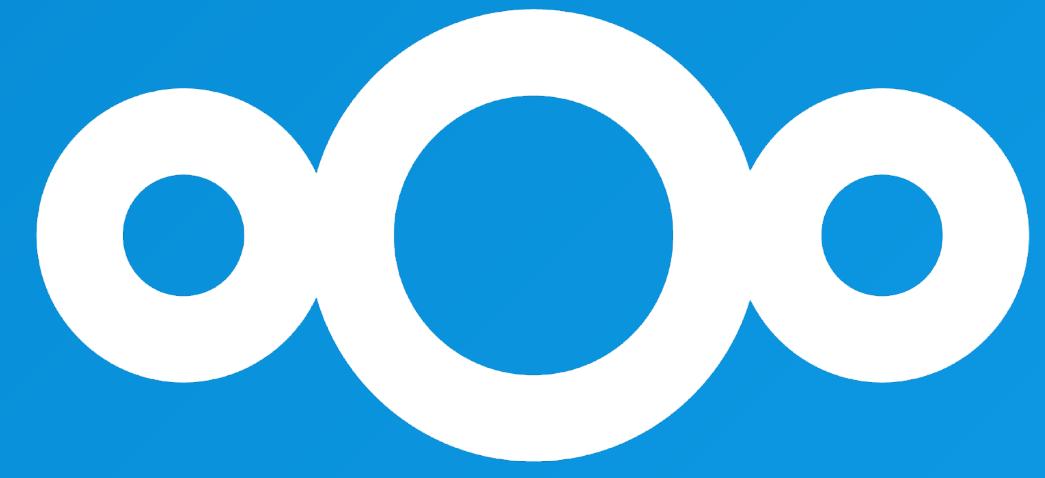

With Nextcloud Hub you can:

- Sync and share and access all your files and documents from all your devices
- Communicate with other via chat, audio or video calls

Nextcloud Hub is a free and open source software developed by Nextcloud GmbH. It is available under the AGPLv3 license. Nextcloud Hub is designed to be used on-premises, giving users full control over their data and privacy.

Nextcloud Hub includes a file manager, a calendar, a task manager, a note taking application, and a messaging system. It also integrates with popular services such as Google Drive, Microsoft OneDrive, and Dropbox.

Nextcloud Hub is available for download from the official website: <https://nextcloud.com/hub/>.

Thanks a lot everyone
