days ▶

A collage of screenshots from various software applications, likely LibreOffice, demonstrating collaborative editing features. The screenshots include:

- A Microsoft Word document titled "Sailing yacht" with a red box around a section of text labeled "THOMAS editing...".
- A Microsoft Word document with a green box around a section of text labeled "ANNE editing...".
- A LibreOffice Calc spreadsheet showing multiple data series and a legend.
- A LibreOffice Impress presentation slide with a purple header "Collabora Online".
- A LibreOffice Writer document showing a "Signups" counter at "7984" with a hand cursor icon.
- A LibreOffice Calc spreadsheet showing a chart with a blue line and a legend.

The overall theme is the use of LibreOffice for real-time collaboration and document editing.

原稿の吟味と整理 ↑

← 原稿内容の吟味では、入手した原稿が出版に適しているかどうかを検討する。テーマや範囲、表現のスタイル、内容のレベル、構成、原稿の分量は問題ないだろうか、そして名誉毀損や著作権といった法規上の問題が含まれていないかを吟味し、刊行するかどうかを検討・決定する。

← この後、「原稿整理」または「原稿編集」とよばれる編集作業が行われる。内容や形式について、細かく点検し整理していく仕事である。

← この原稿整理においては、本の内容により読者に読みやすくする工夫を施すことも

3. “ch” and “lines” Units

July 2023

- Forum: “Italian units of measure Writer”
- Github #6984: “"ch" + "lines" Units in Paragraph Styles Menus”
 - Thanks Caolán McNamara
- LO #101895: “Paragraph dialog units shown as "ch" and "lines" when "Enable char unit" is enabled by default”
- LO 24.2.0

3. “ch” and “lines” Units

More Info

- /r/LibreOffice: “Why are paragraph measurements in "Ch" and "line"”
- W3.org: “Requirements for Japanese Text Layout”
- KOReader: Github #6162: “Chinese, Japanese and Korean typography: some questions”
 - Some fantastic examples/images + Layout engine trying to deal with this.

4. Underline Shrinking/Stretching Depending on Zoom

guarom

160% Zoom

After the last update (from Windows) I have seen a bug that I remember appearing (I guess...) many years ago with Libre office. If I underline text in writer, the underline is not always exact. preview is even worse.

However, if I print the document, it prints correctly.

However, if I print the document, it prints correctly.

4. Underline Shrinking/Stretching

August 2023

- Forum: “Writer: text underline - preview and print - bug? Regression?”
- LO#156681: “The underline line in Writer doesn't match the length of the sentence, even in simple cases”
 - Thanks Xisco Faulí (TDF)
 - LO 7.6.1

5. Multi-Page TIFF

vimal7370

5. Multi-Page TIFF

May 2023

- Forum: “Tiff file with multiple pages only shows first page”
- LO#155444: “Support opening TIFF image containing multiple images in Draw showing one image per page”
 - Thanks quikee (Tomaz Vajngerl)
- LO 24.2.0
- Few weeks later, made it into next release.

Extra. Red vs. Orange Background

FirbolgFactory

Right
