How many applications do you use to effectively

collaborate among cross-functional teams?

Mattermost

Screenshot of the Mattermost application interface showing a dark-themed workspace.

The top navigation bar includes links for Staff, Channels, Playbooks, and Boards, along with a search bar and help documentation.

The left sidebar displays a list of channels:

- R&D Org
- Threads
- TESTS
- Ops Team
- Stand Center
- Announcements
- R&D Meeting
- Welcome
- MOBILE
 - Mobile Test Alerts
 - Mobile DevOps 1
- Hilda Martin, Steve M... 2
- Cloud Engineering

The main content area shows a channel named "Mobile DevOps". The channel header includes a star icon, a user count of 48, a file icon, and links for Growth Roadmap, Mobile Events, and Main User Stories.

Recent messages in the "Mobile DevOps" channel:

- John Vu 10:35 AM: What are we doing for the logging points in our in-app purchases split test?
3 replies | Reply | Last reply on Monday
- Amara Nuñes 10:33 AM: @Michael @Susan Here's the latest Mobile User Analytics Report I put together
[Mobile User Analytics.pdf](#) PDF 15KB
1 like, 4 views, 1 reply, 1 smiley face
- John Vu 10:35 AM: Alex Think we could have the GitLab build pipeline trigger the release pipeline?
Alex Rodriguez 10:37 AM: We could definitely do that. It'd be a little more complex than just adding a few tags to trigger the release pipeline but it's doable.
John Vu 10:40 AM: Great, I'll make a Jira ticket for it. Time for standup @all

A large, stylized cartoon character of a man with brown hair and glasses, wearing a blue jacket and white shirt, is positioned on the right side of the interface.

Bottom right corner: "Mobile DevOps..."

John Vu 10:35 AM @Alex Think we could have the GitLab build pipeline trigger the release pipeline?

Alex Rodriguez 10:37 AM We could definitely do that. It'd be a little more complicated since we only want builds for tags to trigger the release pipeline but it's doable.

John Vu 10:40 AM Great, I'll make a Jira ticket for it. Time for standup @all!

What are we doing for the logging points in the split test for in-app purchases?

New Messages

Ayanna Moore 10:34 AM We're using Splunk to monitor the logging pointes as well as to trace and analyze the data. Here is a sample dashboard.

optionC.png

Sun 18 Nov 2018 11:01:10 PM

Service	Req/sec	Error Rate	P50 Duration	P90 Duration
@agamemnon	0.25	0%	262ms	411ms
analytics	7.7	0%	11ms	124ms
ips	0	0%		
journostream	0.20	0%	7μs	8μs
matt	31	0%	185ms	260ms
quantizer	35	0%	2ms	2ms
stringest	242	0%	3ms	14ms
shadow-quantizer	0	0%		
signalboost	2.0	0%	507ms	674ms
snowflake	18	0%	93μs	15ms
spannonger	27	0%	2μs	2μs

Matt Morrison 10:37 AM I like the plan @Ayanna Moore! Let's make sure the team has access to review this.

Rachel Brown 10:40 AM I'll be on to trouble-shoot any issues we have

Hey @ROBERT FOX, I think I see the solution. Easily fixed by properly typing billingDetails - check out my code snippet below on line 4 for reference.

```
1 type State = {  
2   paymentInfoIsValid: boolean;  
3   productPrice: number;  
4   billingDetails: BillingDetails | null;  
5   cardInputComplete: boolean;  
6   processing: boolean;  
7   selectedProduct: Product | null;  
8 }
```

 Jerome Bell 10:40 AM
@DevOpsTeam has anyone else noticed a performance issue in our Github actions when merging into main?

 Pinned

 Leonard Riley 10:43 AM
I just want to congratulate @Williamson for his huge contributions to the new CLI tool released last week!

There are templates for a range of use cases and events. You can use a playbook as-is or customize it—then share it with your team.

Blank

Start with a blank state and create your own masterpiece.

Product Release

Perfect your release process from ideation to production.

Incident Resolution

Resolving incidents requires speed and accuracy. Streamline your processes for rapid response and resolution.

This template gallery showcases a variety of digital templates available for different purposes, such as lesson plans, book reports, field trips, flash cards, science projects, and personal documents. Each template is designed with a clean, modern aesthetic and includes placeholder text and images to demonstrate its functionality.

- Lesson plan:** A template featuring a timeline with five segments of varying lengths (10 mins, 30 mins, 30 mins, 15 mins) and a central text area for lesson details.
- Book report:** A template with a dark blue header "Summary" and a teal footer "3 new things I learned", accompanied by a stack of books icon.
- Field trip:** A template with three numbered sections: 1. World's largest coral reef systems, 2. Can be seen from outer space, and 3. Located in Queensland, AU, each with a small image and descriptive text.
- Flash cards:** A template showing a stack of white cards with the title "Spanish Quiz flash cards" and a small "Spanish 101" note.
- Science project:** A template divided into two columns: "Materials" (listing 2 drinking glasses, Table salt, 2 eggs, Water) and "Aha! My discoveries" (with three numbered bullet points).
- Science fair:** A template for Google Science Fair, featuring an image of a student working at a laptop and a text area for achievements.
- Student certificate:** A template with a globe icon, "Congratulations 5th Grade Star of the Week", "Student Name", and a message for volunteering.
- Personal:** A collection of templates for general presentations, making presentations stick, your big idea (by Made to Stick), photo albums, and weddings.
- General presentation:** A template with a blue header "First point" and a large text area for content.
- Making Presentations That Stick:** An orange template with the title "Making Presentations That Stick" and a subtitle "A guide by Chip Heath & Dan Heath".
- Your big idea:** A template by Made to Stick with the title "Your big idea".
- Photo album:** A template featuring images of a bridge and autumn leaves.
- Wedding:** A template with a grid for "Thursday", "Friday", and "Sunday" activities, including "Spa at 3pm", "Golf at 7am", and "Brunch at Noon".
- RECIPE NAME:** A template for recipes with fields for "Project name", "30 minutes • Serves 4-6", and "Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua".
- Project name:** A template for projects with a mobile device icon and placeholder text.
- WENDY'S PICKS:** A template for reviews or picks with a beach scene image and placeholder text.
- You're invited:** A template for invitations with a red background and the text "Wendy's 28th".

New Collaborative Editing Session started...

The screenshot shows a messaging application interface with a dark blue header bar. The header includes standard OS X-style window controls (red, yellow, green) and tabs for "Community" (with 4 notifications), "Channels", "Playbooks", and "Boards". Below the header is a navigation bar with "Channels" selected, a search bar, and various icons for user interaction.

The main content area displays a channel named "Developers". The channel header shows 45 members and 1 pinned message. A prominent green banner at the top of the channel feed indicates a "Join call" started 3 minutes ago, with a thumbnail showing four participants and a "+3" button.

The channel feed contains several messages:

- A code snippet posted by Jerome Bell at 10:40 AM:

```
1 type State = {  
2   paymentInfoIsValid: boolean;  
3   productPrice: number;  
4   billingDetails: BillingDetails | null;  
5   cardInputComplete: boolean;  
6   processing: boolean;  
7   selectedProduct: Product | null;  
8 }
```
- A message from Jerome Bell at 10:40 AM: "@DevOpsTeam has anyone else noticed a performance issue in our Github actions when merging into main?"
- A pinned message from Leonard Riley at 10:43 AM: "I just want to congratulate @Williamson for his huge contributions to the new CLI tool released last week!"
- A message from Jerome Bell at 10:45 AM: "Jerome Bell started a call" (with a timestamp of 3 mins ago, a thumbnail of four participants, and a "Join call" button).

The left sidebar lists various channels under categories like "FAVORITES" and "CHANNELS". The "Developers" channel is currently selected. Other visible channels include "Contributors", "UI Redesign", "UX Design", "Hilda Martin, Steve M...", "Desktop App", "Release Discussion", "Toolkit", "Avatars", "Basketball Players", "Football Stars", "Race Teams", and "DIRECT MESSAGES" (with a message from Charlene Meyer).
